SermonLM

CHURCH LEADER GUIDE

Help every listener follow the sermon.

TRY IT WITH YOUR CHURCH

$10 free credit

1 translation hour. No card.

Live sermon text and voice. Listeners scan a QR code and use their phone's browser.

1. PREPARE

Choose your Bible version. Add names and terms to your glossary. Upload sermon notes for context.

2. CONNECT

Send clear speech from your mic or mixer to a computer. Start the sermon and share the QR code.

3. FOLLOW & KEEP

Listeners read or hear AI voice. Human interpreters can also speak. Keep a report and Word, text or subtitle files.

A plan for your church

Plan	Price (USD)	Included each month	Languages at once
Pay as you go	$10 / translation hour	Prepaid credit, from $10	3
Standard	$99 / month	10 service hours	3
Premium	$299 / month	15 service hours	5
Max	$499 / month	20 service hours	7

Know the bill

Four live hours in one language use $40 of prepaid credit; you can buy credit from $10.
A 1-hour service in 3 languages uses 1 service hour on a plan. Standard's 10 hours cover about 10 such services.

You pay only while words are being translated, so quiet time is free. Singing counts, so press Pause during songs. Monthly hours reset on the 1st (UTC); unused hours do not roll over. Extra hours cost $8 for each language: paid from prepaid credit only. Prices are before tax.

Start with a practice sermon

Up to 500 listeners and 2 hours per session. AI can make mistakes; check your key terms and audio before Sunday. Choose a plan or add credit in Plan & billing and pay by card on Stripe's secure page. Standard can be billed yearly by invoice. Human interpreter rooms come at no extra charge with every monthly plan.
